Photograph of a house full of Easter Lilies (Lil. Harrisii), taken April 9th, 1900. Grown by H. I. Faust, Merion Sta., Pa.  
ALL BULBS SUPPLIED BY US.

Merion, Montgomery Co., Penna., 14th day of April, 1900.  
Mr. HENRY F. MICHELL, Seedsman, Etc.  
My Dear Sir:—I cannot refrain from congratulating you, as well as myself, upon the outcome of Harrisii Lilies purchased from you last August. They were the most satisfactory we have had for years. Out of 3800 bulbs we had 3300 salable plants. Please book me same quantity for next season. With kind regards, believe me,  
Very truly yours,  
HENRY I. FAUST.

Trenton, N. J., April 16th, 1900.  
Mr. HENRY F. MICHELL,  
Dear Sir:—Your lilies turned out the best I ever saw. The loss on them was only about two per cent. The flowers on them were from eight to fourteen on each plant. Please book me fifteen hundred more for next year.  
Yours truly,  
CARL E. TAUBE.

**SPECIAL NOTICE  
TO CUSTOMERS.**

*The latest advices from Holland are that all BULBS are finer this year than they have been for the three past seasons, and customers can fully rely upon getting the highest quality only, as we import only from reliable growers.*

## Dutch Hyacinths.

IN SEPARATE COLORS. VERY BEST QUALITY.

For bedding out doors, and also for forcing. They do not, however, produce as fine large spikes as the Second and First size named varieties. We specially recommend the Second size named varieties for forcing, as they are more profitable and certain to produce large flower heads.

*P. S.—Do not compare these First Quality Bulbs with such as are offered at a lower price. The size we quote will produce finer trusses.*

# FORCING NAMED HYACINTHS.

(SECOND SIZE.)

For Forcing and Fancy Outdoor Bedding where Correct Designs are Wanted.

The following sorts have proven to be the very best for the florist for growing in pots. They produce well shaped, full and compact spikes, and every pot will bring the best price, on account of its fine quality. It pays the florist to plant only the named sorts, as they are far superior to the regular separate color quality.

## MacMichael's "Peerless" Sulphur Blower

Price \$4.75 each.

This Sulphur Blower has no equal for applying sulphur to the foliage in rose houses. It does the work quickly and perfectly, the distribution of the sulphur being so even that every leaf receives its due proportion, and *none being wasted*, thus making it more economical than the bellows.

The blower will also distribute with equal facility and thoroughness, Tobacco Dust, Slug Shot, Lime or any other powdery substance used in greenhouses. It is a great labor saver, as a 200 foot rose house can be sulphured in less than five minutes.

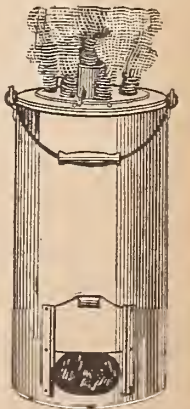

It is easily handled, is strong and durable, and is *Guaranteed for Ten Years.*

## PERFECTION FUMIGATOR.

Will fumigate and vaporize at the same time. The tank should be filled with water; when the stems are lighted the water boils and emits a dense mass of moistened smoke or steam.

Made in two separate bodies, detachable, does not become heated when in operation, harmless to the most tender plants.
